EXPERIENCE

Spring Health / Software Engineer I

AUG 2024 - PRESENT

Technologies used: Typescript, React, Rails

- Added screen-sharing logic and notifications and fixed UI bugs in a video communications feature that replaced Zoom, contributing to a project with estimated savings of \$90,000 per month
- Created 3 components for the component library and updated 5 others, solving accessibility errors across tens of webpages

Spring Health / Software Engineer Intern

JUN 2024 - AUG 2024

Technologies used: Typescript, React, Rails

- Fixed 15 accessibility errors to improve the experience of users utilizing screen readers
- Adjusted styles in dozens of components to make web pages prettier and easier to navigate
- Identified and wrote tickets for 20+ bugs
- Implemented logging for 90 events to streamline troubleshooting when users encountered errors
- Reviewed 40+ pull requests across backend, frontend, and internal tooling code bases
- Updated documentation

Amazon.com, Inc. / Software Development Engineer Intern

MAY 2023 - AUG 2023

Technologies used: Amazon Web Services (AWS), Java, Python, Bash

- Developed a load test on an internal tool for the Aurora Serverless v2 team, giving insight into a previous blind spot
- Automated the creation of HTTP servers to increase the scalability of future tests
- Wrote documentation and an engineering design document with input from my team
- Programmed 2 proofs of concept to determine the feasibility of proposed solutions

Princeton University Investment Company / Investment Technology Analyst

JUN 2022 - AUG 2022

Technologies used: Python, pandas, Microsoft Excel, Azure DevOps

- Wrote scripts to get, modify, and post data to a financial research management system, saving 50+ hours of data entry
- Analyzed corresponding entries between spreadsheets using difflib and regex, saving 20+ hours of manual searching per year
- Enhanced error detection by increasing test coverage to 73%
- Refactored 27% of unit tests to use mock API calls to decrease test runtime

Udemy / Online Instructor

AUG 2021 - PRESENT

- Created the bestselling [Introduction to Political Science](#) course
- Produced 5 hours of course material to engage 800+ students
- Designed 5 course logos with PhotoShop on request for another instructor

EDUCATION

Rutgers University / School of Arts & Sciences

SEP 2021 - JAN 2025

- Pursuing a Bachelor's in Computer Science; minors in American Studies and Political Science
- On Dean's List for 6 semesters (GPA: 3.98)

WRITING

Scriptwriting / GoKidGo

MAR 2024 - PRESENT

- Wrote 52 episodes for the children's podcast "[The Word Search](#)"

Humor Column

JAN 2023 - PRESENT

- Through syndication with Cagle, distributed [humor columns](#) to 400+ publications per week
