

Alexandra Paskhaver

Software Engineer and Writer

(609) 580 - 9693 | alexandra.paskhaver@gmail.com | [Personal Website](#)

EXPERIENCE

Amazon.com, Inc. / *Software Development Engineer Intern*

MAY 2023 - AUG 2023

Technologies used: Amazon Web Services (AWS), Java, Python, Bash

- Developed a load test on an internal tool for the Aurora Serverless v2 team, giving insight on a previous blind spot
- Automated the creation of HTTP servers to increase scalability of future tests
- Wrote documentation and an engineering design document with input from my team
- Programmed 2 proofs of concept to determine the feasibility of proposed solutions

Princeton University Investment Company / *Investment Technology Analyst*

JUN 2022 - AUG 2022

Technologies used: Python, pandas, Microsoft Excel, Azure DevOps

- Wrote scripts to get, update, and post data to a financial research management system, saving 50+ hours of manual work
- Improved test coverage by 73% with the unittest module
- Refactored 27% of unit tests to use mock API calls to increase test speed
- Wrote program to identify errors in Excel spreadsheets, improving accuracy and saving 20+ hours of manual searching per year

Udemy / *Online Instructor*

AUG 2021 - PRESENT

- Created the bestselling [Introduction to Political Science](#) course
- Produced 5 hours of course material to engage 450+ students
- Designed 4 course logos with PhotoShop for another instructor

PROJECTS

File Transcription Research with Professor Ananda Gunawardena

Technologies used: Python, Flask, SpaCy, Gensim

- Built a website for users to upload video or audio files, transcribe them, and perform searches for files containing keywords or topics
- Researched and utilized natural language processing libraries to analyze video transcriptions for keywords suggesting subject transitions
- Raised test coverage to and maintained it at 80%+
- Generated and displayed visualizations for data

Rutgers RUMobile

Technologies used: React Native, React Native Testing Library

[App Store](#)

[Google Play Store](#)

- Collaborated with developers and designers to serve 3,000+ users by building new features
- Built 20+ components to display food details and profiles, welcome users, and more
- Improved product quality by increasing test coverage by 12%
- Upgraded dependencies to ensure codebase was up-to-date

EDUCATION

Rutgers University / *School of Arts & Sciences Honors Program*

SEP 2021 - MAY 2025

- Pursuing a Bachelor's in Computer Science (GPA: 4.0)
- On Dean's List for 4 semesters

PUBLICATIONS

Humor Column

OCT 2022 - PRESENT

- Pitched and delivered 45+ regular humor column to the Delaware County Daily Times and the Gettysburg Times, publications with a combined total of 117,000+ unique online readers per month and daily single copy sales of 13,000+
